

YOUTH WITH A MISSION COLORADO @ CIMARRON

ONE DTS is a year long program that combines Youth With A Mission's worldwide Discipleship Training School (DTS) with a local church internship and community focus.

The split 2-summer program offers the 12 week lecture phase of the DTS during summer break. During this time students are challenged by incredible teaching and intimate times of worship. Lecture phase is a time of developing intimate relationship with God, shaping life-vision, and growing in close community with others.

Following the lecture phase, students participate in a local church internship while continuing in their college studies or employment. During this school-year phase students live out what they've learned in the context of "real life" and are actively involved in serving and reaching out to their local community. Students continue in close relationship and support with others from the DTS through ongoing community and times of prayer and worship.

The following summer is the outreach phase. Students are sent out to carry the good news of the Kingdom of God to the ends of the earth in areas like Nepal, India and Thailand. During outreach students have the opportunity to see God move in amazing ways and gain a deeper heart for the nations while encountering peoples and cultures.

ONE DTS connects this generation with a vision for local ministry and for nations, bridging the gap between missions and the local church. One DTS --- One Year, One Body, One Globe, One Call!

- Experience deep spiritual growth & true community.**
